The image features a scenic landscape of a mountain range with a forested foreground and a lake reflecting the scene. Overlaid on the upper part of the image is the brand logo. The logo consists of the words "MOUNTAIN" and "STANDARD" in a bold, black, sans-serif font, stacked vertically. These words are flanked by two vertical red bars. Below this, the word "COLORADO" is written in a smaller, red, sans-serif font.

# MOUNTAIN STANDARD

COLORADO

## Mountain Standard

### THE PHILOSOPHY

Our product philosophy is simple. Motivated by modern mountain living and a sustainable future, each product is highly considered for the activities, seasons, and terrains we encounter. **Mountain Standard goods must be highly versatile, multi-use, durable, and timeless.**

## ***SUSTAINABLY BUILT WITH PROVEN MATERIALS***

We build our gear for longevity. In doing this, we source sustainably recycled textiles, toil over colors, and construct everything with the intent of reducing material waste. We seek out proven materials that will withstand abuse and assemble them into timeless styles that can endure the seasons. Each piece we produce goes through rigorous wear testing to ensure they can handle the test of time and can receive the 'Standard' stamp of approval. Our goal is not to reinvent outdoor gear but simply to define higher standards through sustainable ingredients and durable designs.

## ***VERSATILE STYLE***

Living in the mountains requires grit while living in the city requires style. Our design team combines these two elements to create versatile products for the adventure ready spirit. Our motivation is a simple, timeless design with just the right amount of technical performance. As a result, we create effortless gear for all occasions that can be worn every day. Our products blend simple utility, style, and technical versatility for those who might find themselves sharing pints after a fun day in the mountains.
